Reviews

Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

Mad Norwegian Press, United Kingdom, 2005. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book. Constituting the largest reference work on Doctor Who ever written, the six-volume About Time strives to become the ultimate reference guide to the world's longest-running science fiction program. Written by Lawrence Miles (Faction Paradox) and long-time sci-fi commentator Tat Wood, About Time focuses on the continuity of Doctor Who (its characters, alien races and the like), but also examines the show as a work of social commentary. In particular, Miles and Wood dissect the politics and social issues that shaped the show during its unprecedented 26-year run (from 1963 to 1989), detailing how the issues of the day influenced this series. As part of this grand opus, About Time 5 examines Doctor Who Seasons 18 to 21 (1980 to 1984)-the end of Tom Baker's time with the show, the whole of the Peter Davison era and the introduction of Colin Baker as the Doctor. Among other things, About Time 5 answers such vitally important Who questions as *Why Are There So Many Doubles in the Universe?*, *Which Stories Have the Best Body-Counts?*.
